22-25 November 2023, Singapore**

**INVITATION: TRADE AND SPONSORS**

The International Association for Dental Research (Southeast Asian division) IADR-SEA organizes one of the most renowned research forums in Southeast Asian region for researchers, practitioners, and educators to present and discuss the latest cutting edge research, innovations, trends, experiences, and challenges in dentistry. In 2023, the IADR-SEA conference will be held on 22-25 November in Singapore. This will be hosted by National Dental Centre Singapore.

We hereby warmly extend an invitation to you to support the conference as a corporate benefactor. Supporting IADR-SEA is an excellent opportunity to get high visibility to a large group of dental students, educators, scientists and practitioners. In the past years, IADR-SEA has always seen more than 500 participants from 10 member countries (Cambodia, Hong Kong, Indonesia, Malaysia, Myanmar, Philippines, Singapore, Taiwan, Thailand, Vietnam) as well as international attendees beyond our Southeast Asian Division. This regional platform would provide an excellent opportunity for corporate engagements and networking with many senior researchers and practitioners within the community of attendees. Many will be highly interested to learn about exciting products and technological solutions that can be showcased at this annual landmark regional dental research conference.

Attached herewith is the copy of the trade and sponsorship package for your kind consideration.
